Website MFA: <http://www.mfa.gov.eg/english/Pages/default.aspx>

The Egyptian diplomatic stations (Ministry of Foreign Affairs, embassies, military attachés, and consulates) are quite active on HF. You can hear them on a number of frequencies. They are using several modes for their communication.

## Modes:

SITOR-A 100/170 (offset 1700Hz)

Codan 9001/3012 16 tone 75Bd QPSK (offset 1500Hz)

Codan 80bd chirp mode (offset 1500Hz)

## Alfabet:

ATU-Arabic / ATU-80

Messages are offline decoded

See for Arab decoding tips Nils Schiffhauer's document *"Decoding & Reading Transmissions of MFA Egypt"* on the UDXF website

Back in the old days we covered this network in the Digital Review column in the *Worldwide Utility News club's* monthly newsletter. Included was a dictionary explaining the most important words (mostly city names) that you can find in the messages. The list was compiled by Mike Chace-Ortiz and various other people.
