

# PARISH RADIO FREQUENCY LIST

Dear DXers !

If you hear a station, this list will be only a little help for further investigations, as there may be more than one station transmitting on a frequency at the same time. The mentioned mass times may be subject of change. Update information can be found on the Webpages of the Parishes / Dioceses or at [www.catholicireland.net](http://www.catholicireland.net)

Please remember that there are also masses on special occasions like weddings, funerals, etc. outside this schedule.

Any comments, corrections, suggestions and information of other identified stations are highly welcome:

patrick.robic \*at\* aon.at

## **REMARKS**

All stations broadcasting in FM-mode, if not mentioned otherwise in the frequency cloumn.

As most of the transmitters are not so stable, I do not mention frequencies with decimals in the list. If a station could be heard more than 1 kHz off their nominal frequency, this is mentioned in brackets in the frequency column  
If stations changed frequencies, I kept the old entries in the list printed in *Italic* and added the year when the station was last observed on that frequency in brackets in the station column.

There was no update of this frequency list between February 2016 and January 2023. Therefore churches confirmed to be active from autumn 2022 on are marked with a **yellow background**.

## **USEFUL LINKS**

Here are some links, that may help you to identify the stations you have heard.
